## **PROFESSIONAL SUMMARY**

I am a Junior Software Developer certified by Generation Bootcamp with strong teamwork, communication, and problem-solving skills. My technical expertise includes JavaScript, React, Node.js, Express, MongoDB, SQL, and modern web development tools. With a background in teaching Physics and Mathematics, I excel in simplifying complex concepts and sharing knowledge effectively. Passionate about creating innovative software solutions, I am committed to continuous learning and optimizing performance to deliver maximum user satisfaction.

## **Education**

Junior Software Developer Generation Thailand	Sep 2024 – Dec 2024
Burapha University Faculty of Education, Department of Physics	Jul 2017 – May 2022

## **Experience**

<b>Junior Software Developer Bootcamp</b>	Sep 2024 – Dec 2024
---	---------------------

Generation Thailand Bootcamp

- Developed expertise in front-end and back-end web technologies, including HTML, Tailwind CSS, JavaScript, React, SQL, Node.js, Express and MongoDB
- Learned essential skills for switching careers, such as growth mindset, communication, agile, and teamwork
- Collaborated to build a fully functional web application with a focus on performance optimization.

<b>Teacher - Physics (High School)</b>	Jun 2022 – Aug 2024
--	---------------------

- Gained 2 years of experience teaching and facilitating Physics learning activities at the high school level.
- Accumulated over 6 years of experience as a Physics tutor, mentoring high school students in academic success.
- Provided students with foundational knowledge in C programming for controlling Arduino Uno R3 and ESP8266 boards, enabling projects such as an automatic trash bin, smart piggy bank, mobile-controlled car, and automated plant watering system.
- Utilized Python to develop physics simulations, including pendulum motion and standing wave functions, enhancing student engagement and understanding.

**TECHNICAL SKILLS** : Git/GitHub, Python, JavaScript, Cascading Style Sheets (CSS), SQL, HTML, React, SQL, Node.js, Express, MongoDB

**SOFT SKILLS** : teamwork, time management, problem-solving, creativity, patience & stress management, communication skills, attention to detail, willingness to learn

**LANGUAGES** : Thai(Native), English (Basic proficiency)
